

# **ACCESS STATEMENT FOR ACORN LODGE, SHROPSHIRE**

## **INTRODUCTION**

Acorn Lodge was built in 2009 by my Husband with a little help from me, plus a qualified electrician and plumber. It is situated on our smallholding of 7 acres. It is substantially built mainly of wood and is fully insulated double glazed and centrally heated throughout, with the added benefit of a wood burning stove. All wooden flooring has been treated with special non slip varnish. After having a self catering mobile home for over twenty years, we knew what our guests expected so with this in mind a great deal of thought was put into creating Acorn Lodge. Overall dimensions, 6.75 metres wide x 11.6 metres in length.

The decking area (2.4 metres wide x 17 metres in length) has a very gentle slope, less than 1 in 20 to the front door. It covers the front and one end of the Lodge. A hand rail runs the full length of the decking. From the front door to the far end of the decking it is completely level.

We are a four star self catering holiday accommodation, registered and inspected by Visit England, Members of Shropshire Hills and Tourism Association. Awarded GOLD four star June 2011 - 2019/20

## **ARRIVAL AND CAR PARKING FACILITIES**

Acorn Lodge is situated 6 miles from Ludlow, 4 miles from Tenbury Wells, down a small country lane.

Entrance is marked with "Acorn Lodge" and "Thomas House" at the gate.

You cannot see the properties from the road.

You approach up a steep tarmac drive and the Lodge is situated on your left. Thomas House is at the top of the drive. You can park adjacent to the Lodge on a grassed surface of 120 sq. metres. This has the added benefit of under surface matting so is suitable for all year round parking.

You will be welcomed and shown around the lodge by me or my husband.

(Dorothy and Clive)

## **MAIN ENTRANCE**

From the car parking area you come onto wooden decking, which leads directly to the front door. All this area is on one level.

The door is white with double glazed panels and has a black door handle 100cm from the floor. It opens out with hinges on the left. It is 86cm wide and suitable for a wheel chair. There is a small ledge of 3cm into the Lodge. On the outside of the Lodge are security lights, one at the car parking end and over the front door, and one at the side door. Inside, over the doors, is emergency lighting. A fire extinguisher is at the right side of the inside of the door
